**FOR IMMEDIATE RELEASE:**

**KDS Nickis Gotta Gun is First 2014 NRBC Enrolled Foal!**

March 7, 2014 - Byars, Oklahoma - Reiners have been enrolling foals in the National Reining Breeders Classic Program since 1997. After so many years, participation in the NRBC has become an integral part of raising reining horse prospects. Last year, well over 2,000 foals from around the world became a part of the program!

The first enrollment deadline of the year won't come until September 15, but many foals are now enrolled upon birth. The first foal to become an official 2014 NRBC enrollee, KDS Nickis Gotta Gun, was born on January 26!

A daughter of the record-breaking 2011 NRBC Non Pro Champion Rufanicki, KDS Nickis Gotta Gun is out of KDS Guns N Roses by The Big Gun. The tobiano filly went to the head of the 2014 class when she earned the very first foal number of the year - 140001!

KDS Nickis Gotta Gun is owned by Diane and Ken Chapman's KD Alliance Paints in Somerset, California. According to Diane, they strive to produce quality APHA Reining and Western Pleasure Horses. Combining their passion for tobiano paint horses with selective breeding to top AQHA stallions has resulted in show ring success.

For her foals, Diane is sold on NRBC enrollments. She noted the prominence of the program and the show, then added, "I haven't been to the NRBC before but I think it's important to enroll our foals".

**Diane is a former trainer, but her activities and travel are limited due to the challenges of multiple sclerosis, but she was adamant when she stated, "If this one shows there, I'm going to Texas! I'll be there!"**
